

Rosa Delgado

=====

Experience: 6 years

Education: Community college + online ML certificates

Companies: Startups (Series A/B)

Summary:

- Came up through community college and self-study; now senior IC.
- Owned end-to-end ML at two startups: training, serving, monitoring on AWS.
- Fine-tuned LLMs with LoRA; built eval pipelines from scratch.
- Skills: Python, PyTorch, TensorFlow, RAG, MLflow, embeddings.
- Strong written communication; documents everything.
